ProfessionalSummary

Versatile and impact-driven Software Developer with a proven track record in building robust, scalable, and user-centric mobile and web applications. Proficient in **React Native, Salesforce QA, Web Development, AEM Content Authoring, and ServiceNow IT Support**. Skilled in delivering high-quality code, optimizing performance, and driving innovation through modern development practices. Excel in problem-solving, cross-functional collaboration, and rapid learning of emerging technologies. Passionate about leveraging technology to create value and deliver exceptional digital experiences.

Technical Skills

Programming Languages: Python, C++, Java, TypeScript, JavaScript (ES6+), SQL
Frontend Development: React.js, React Native, Redux, HTML5, CSS3, Responsive Design
Authoring & CMS Skills: Adobe Experience Manager (AEM) – Content Authoring, Templates & Components (Authoring), Digital Asset Management (DAM), Metadata & Tagging, Workflow Management, Localization & Translation (Live Copy)
Backend/Platforms: Node.js, Salesforce Lightning, Firebase
Testing: Jest (Unit Testing), End-to-End (E2E) Testing, UAT Testing
Tools & Utilities: Git, GitHub, Bitbucket, JIRA, Postman, Android Studio, Excel
Cloud & Hosting: Firebase Hosting
Operating Systems: Linux/Unix, RedHat, Windows
Soft Skills: Communication, Teamwork, Leadership, Adaptability, Problem-Solving, Attention to Detail

Education

Lovely Professional University, Jalandhar, Punjab, India   Aug 2020 – Jul 2023
B.Tech in Computer Science and Engineering
- CGPA: 7.97/10

Lovely Professional University, Jalandhar, Punjab, India   Aug 2018 – Jul 2020
Diploma in Computer Science and Engineering
- CGPA: 8.93/10

Professional Experience

Associate Software Engineer, Carelon Global Solutions   Oct 2023 – Present
Salesforce QA Analyst
- Performed integration testing across 50+ **Salesforce Opportunities, Quotes, and Implementation Cases** per release cycle.
- Validated 100% data accuracy and sync with downstream systems (**ASCS, FOA, ABI, SORDS**) across 5+ integration touchpoints.
- Executed **SOGI testing** for 20+ group onboarding implementations with zero post-deployment defects.
- Conducted full-cycle testing in **UAT, SIT, PROD** environments across 30+ regression test cases, improving coverage by 25%.
- Used **Postman** to validate 30+ **REST API** requests weekly, maintaining <2s response time.
- Queried and verified 10,000+ records using **Oracle SQL Developer** and Salesforce Data Export, reducing data mismatch by 40%.

Adobe Experience Manager (AEM) Content Author
- Created and managed digital content using **Adobe Experience Manager (AEM)**, ensuring brand consistency and responsive design.
- Built structured content pages using predefined templates and components for product and marketing material.

- Managed digital assets using **AEM DAM**, including uploading, tagging, and linking images, PDFs, and videos.
- Executed content publishing workflows with versioning, approvals, and rollout across environments.
- Applied metadata and tagging strategies to improve **SEO** and internal search.
- Maintained multi-site and multi-language content using Live Copy and translation workflows.

React Native Developer / Dashboard Analyst
- Developed and maintained **React Native** mobile applications for Android and iOS platforms.
- Built an interactive **Excel dashboard** using Power Query, Pivot Tables, and Charts to track learning progress.

Projects

MovieVerse – A React.js Web Application　　　　　　　　　　　　movieverse-482ad.web.app

Source Code: github.com/vishwajeet1298/MovieVerse
- Developed a responsive web application using React-query and React Router.
- Integrated TMDb API to fetch and display movie data.
- Implemented Firebase authentication.
- Used lazy loading to reduce initial load time by 30%.
- Ensured accessibility and hosted app on Firebase.
- Collaborated via Git for codebase management.

Vehicle Rental Mobile Application　　　　　　　　　　　　　　　　　　　　2020

LinkedIn Post: Link
- Developed a native Android vehicle rental app in Java with Firebase.
- Led a team and coordinated tasks for on-time delivery.
- Supported team members to achieve project goals.

Certifications

- **React Native** – Udemy (View Certificate)　　　　　　　　　　　　Jan – Feb 2025
- **React & Redux** – CipherSchools (View Certificate)　　　　　　　　Jun – Jul 2022
- **Programming using C++** – CipherSchools (View Certificate)　　　　Jan – Feb 2022
- **Python (Basic)** – HackerRank (View Certificate)　　　　　　　　　　May 2021
- **Java (Basic)** – HackerRank (View Certificate)　　　　　　　　　　　Jul 2021

Languages

- **English** – Full Professional Proficiency
- **Hindi** – Native/Bilingual Proficiency
